REPUBLICAN VICTORY IN SOUTH CARO- The Congressional Explorers Heard From.

Thornburgh-Garrett-Caldwell.

Special Correspondence of the Chronicle.

CARTHAGE, TENN., Oct. 14, 1872. Ten days ago three gentlemen aspiring position offered by the Democrats was in to Congressional honors left Knoxville for the western portion of the "battering ram" district. Since then they have scarcely been heard from by their most intimate friends. With no other motive than to satisfy their friends that all is well with them, I left Knoxville on Friday noon, and after traveling over three hundred miles I found them safe and sound at this ancient town. They look jaded, it is true, but are amply able for their daily provenat eleven o'clock, A. M., the candidates engaged in a joint discussion, according to previous appointment, in which each tried to convince the people that he was the most suitable man to represent them in the 43d Congress.

COL. THORNBURGH'S SPEECH.

The discussion was opened by Colonel Thornburgh, who in a speech of one hour ably and vigorously defended the record of President Grant and of the Republican of facts, and a straight forward defense of principle. He was bold and unequivocal in defense of what he believed right, and condemned the wrong without reserve. He charged that in the adoption of the Baltimore platform, which approves of the 14th amendment, the Democracy had approved of all the proscription with which they had charged Republicans. He charged Governor Brown with extravgance and blundering incapacity, saying that not a single dollar of all the taxes collected by him, had ever been applied to the reduction of our State debt. He ventillated the penitentiary lease, and showed how the State is losing thousands of dollars in order that the Governor's favorites may grow rich. He gave the case of Maj. Hodge, who embezzled United States funds and went to the penitentary ten years for it, as an instance of how the Republican party treats defaulters. Boss Tweed had stolen millions and was rewarded by his party with a seat in the New York State Senate, receiving twelve thousand majority.

PAYS HIS RESPECTS TO (2) CALDWELL. He called attention to Caldwell's record. Said he was elected to the Legislature as a Union man and turned rebel. He was rampant but took good care not to put himself in danger. When the draft came he had procured exemption papers on the ground that he had a "sore ear." He was captured, took the oath of allegiance, gave bond for his good behavior, and seized the violate the conditions of his obligation. He said Caldwell had claimed to have been a private in the confederate army, but he could not name his company, his Captain, or his Lieutenant, He defied him SO. said that too had been a soldier. He invited any one who felt so inclined, to attack his record as such. He did not find fault with Caldwell for having been a soldier, but because he had espoused a cause and then skulked from defending it when he had

encouraged others to emperil their lives. 'Honor and shame from no condition rise: Act well your part, there all the honor lies." Col. T's. speech was well received, and

even those who differ with him, rebel soldiers, openly avowed their admiration for his boldness in defence of principle.

GARRETT SPEAKS.

He was followed by Col. Garrett, who pursued very much the same line of argument followed in his Knoxville speech He spends considerable time in giving his views on the rottenness of latter day conventions. He said he did not think it necessary among people where he is known to wear a collar labelled "convention." He charged that Caldwell had received the nomination through conspiracy, fraud and tricks, and read a letter from Col. John Williams in proof of his charge. He read Caldwell's record on the Reunion and Reform question and said that the Democratic party had taken a good deal-it had taken Greeley with a Republican platform, but he would swear he could not see how they could take Caldwell. He spent some fit teen minutes on the financial policy of the our good or ill fortune to hear presented. He very modestly claimed the paternity of the law reducing the revenue force 1,500

persons. CALDWELL DEFENDS. He was followed by Caldwell, who rehearsed his piece-the same he spoke at Knoxville, with only a few variations. He talks for twenty minutes very fluently on the theory of government. Another twenty minutes he consumes with intemperate denunciations of Grant's administration. He says that Grant's friends denounce Trumbull, Sumner, Banks and others, as rebels and rebel sympathizers because they do not endorse all he says and does. He spends time in replying to Garrett on the convention question. He told one or two good anecdotes. He paid a passing notice to Col. Thornburgh's attack on the State government and illustrated his theory with an anecdote about a cat that fell into a well and didn't get out. He eloquently defended his secession record for which he was applauded. He denied that he had ever violated an obligation or an oath of allegiance as Thornburgh had charged. His remarks failed to elicit much | three year olds. applause considering that he is the regular

candidate of the unterrified Democracy. WHO PASSED THE WHISKY LAWS. Col. Thornburgh replied in a fifteen minutes speech, which was vigorous and directly to the point. He replied to the savage attacks made upon the revenue laws not fail to be present and witness the trial by Garrett and Caldwell by showing that of speed.

Adversary Burgist Court Legiones.

THE BATTERING RAM DISTRICT. the revenue law now in force had been passed by 75 Republicans and 74 Democrats voting for it, and 17 Democrats and 44 Republicans against it. He denounced bor of honest mechanics. He thought the capital of the country and not the labor alone should share the burdens of keeping
